

MORNING APPEAL

SUNDAY, JANUARY 8

AN ASTONISHED COMMUNITY.

Yesterday morning when the citizens of Carson learned that the new Board of School Trustees had declined to accept Prof. Howe's resignation, but had engaged him for another term, their astonishment was unbounded. Piled on the top of this was the intelligence that none of the young ladies in the Public Schools had been removed. It simply staggered the public.

During the campaign, the ring manipulators of Ormsby resorted to their old tactics of defeating opposition by that petty device of pot-house politicians, spreading lies about the streets to hoodwink voters and defeat the honest will of the people.

They caused to be circulated the report that the Silver Party were bent on displacing Prof. Howe and discharging all the lady school teachers. Their ideas of political management in a campaign never rises above petty trickery, conferences in the back rooms of cheap gin mills or midnight meetings in the curtained offices of spoilsmen and bosses, who play and prey while honest people sleep.

Their pin headed work deceived nobody and hundreds of leading citizens who were good friends of Prof. Howe, voted the Silver ticket. After the election the cranks of Carson headed by their recognized organ, the Tribune, kept the teachers of the schools in a constant state of apprehension with the fear that their means of livelihood were to be cut off after Jan. 1st.

It was a cruel and shameless piece of work and founded on the supposition that the officers elected by the Silver Party were merely in office to adopt the same narrow tactics which had so long disgraced Ormsby and which they had pledged the public they would overthrow.

The citizens believed the pledges of the Silver Party platform and the old ring are wild with the apprehension that the pledges will be kept.

They are incapable of conceiving that any politics can be founded on any basis other than partisanship, favoritism, boodles and revenge.

One of the aims of the campaign was to take politics out of the public schools, and it will be done so effectively that no lady connected with the schools will ever be obliged to cringe to a School Trustee or ask a political boss permission to retain her place.

She can trade where she pleases, board where she pleases and proclaim her sympathies for any political party under the sun at all times, and seasons, with no feeling that she is endangering her place in consequence.

Prof. Howe was made the innocent victim of these campaign canards and did what any self respecting gentlemen would have done under the circumstances, handed in his resignation to spare himself the humiliation of a request to resign.

The Board unanimously assured him of their confidence in his character and ability, refused the resignation made in good faith and engaged him another year.

The APPEAL congratulates the citizens of Carson that the services of Prof. Howe, rendered to them by twenty years of honorable and successful labor for the schools, is still to be retained, as well as those of his corps of able and hard working assistants, who have raised the efficiency in our schools to a standard second to none on the Coast.

The APPEAL is also authorized to state that Janitor Dobbs, although he voted the Republican ticket, will continue to hold his old place.

The Silver Party of Ormsby went into the campaign to give the citizens of the county relief from ring oppression, not to rage warfare on young ladies and cripples.

The coming session of the Legislature should formulate a comprehensive and equitable water law. It is said that until such a law is passed there can be no progress made in reclamation of arid regions of the State as present laws neither protect the vested rights of any owner of water privileges nor guarantee subsequent investors any certainty to the use of any water, the right to the use of which they may acquire.

Mrs. Lease has withdrawn as a candidate for United States Senator from Kansas.

Benton's Liniment.

Which has been used in Carson for over twenty-five years, has saved many an ache and pain to those who know it. It is really intended for horses but works with the same magical effect on the human. It is a powerful remedy and for rheumatism is the king of the world. Aches knocked out in short order. No horseman should be without a bottle.
